“ *I am going to miss you but you will always be in my heart and memories of the day I first meet you. No matter what was going on you always had a smile on your face. I will miss you coming through my drive thru or my front door. But I know that you will be looking over my Barn all the time. I know that you are in a beautiful place now with streets of gold, with no worries and no problems of this world here.*

Love you always
