“ *My deepest sympathy to the family of Dr. BJ Freeman, English teacher extraordinnaire. May her legacy continue among the persons whom she taught and worked with at Prairie View A&M University. I will always remember that beautiful smile and her subtle ways of getting things done when you're not in charge.*

“ *"B.J." was a wonderful person. She was a scholar who took pride in doing the best in her work. While I didn't work with her in the academic unit at Shelby State, I had frequent contact with her, and always a very pleasant to engage with. I'm sure all of those who were blessed to have encounters with her found her the same way. She made a difference at Shelby State Community College in Memphis, Tennessee, which is now called the Southwest Community College. She will be remembered.*

“ There are a few people in life that leave an indelible mark on your life. When I was at PV as a freshman college student, Dr. Freeman taught me that I am a living textbook and my life will always meeting. She also helped me to become an excellent writer. My life is better because of her. Rest in Power Dr. Freeman. ♡

“ It is sad to learn of Dr Freeman's passing. She was a very friendly and lively lady. She always talked about going skating and how much she enjoyed it. She will be missed. May she rest in peace.
