To Jean's Family,

I only had a few months to get to know her. She was such a pleasant and fun person to have in your presence. She was surely a great provider for the person that she was taking care of when I met her. We learned to love her and appreciate her. She would always say that I don't like having my shoes on and that was the first thing she would do when she came in was to get out of her shoes. May God bless each of you during this time of grief and sorrow. God will give you strength during this time and for the days and weeks ahead.
