“ I was so sorry to see the obituary in this week’s paper. Mrs. Washington was responsible for making all of our lives better in some way through her service to her church and her community. My father, now 88 years old was saddened to get the news of her passing. She was a lady, a public servant, and most importantly... a daughter of God. Thank Him for this most beautiful of lives we all got to share Hempstead with. God Bless her family in this sad time.

“ *To the Washington Family. I grew up one house down from the Washington's family. I was the only girl at the time and she looked after me with the permission of my mother. That's the way it was in my neighborhood and I appreciate the Love she showed me. As I got older and got married, she had a saying to me "Gloria do not do anything until you pray about it". She cared about us. So please know that God's Will has been done. I pray that your acceptance today will sustain you until you meet again. May your faith sustain you and may the love and prayers I am sending you today comfort you.*
