“ I miss Georgia already! She was my good friend and we would talk at least twice a week. We loved talking about our flowers because Georgia had the best ideas about taking care of flowers. I will really miss my friend, Georgia.

“ My condolences to L.V. and Wilton. Mrs. Georgia Mae was one of the sweetest women I've known. I remember her years of working at PVAMU with my uncle, Mr. Bennett and my brother Ronnie Mathis., such a hard worker. I would pass by and see her working in her own yard and often had pleasant conversatios with her after church on Sundays. Hold on to the memories, as she will truly be missed.

“ My deepest sympathy and condolences to the Georgia Mae Taylor family on the passing of their loved one - Mrs. Taylor. I remember that beautiful smile and greetings when she worked at Prairie View A&M University. May her great spirit and love for all be remembered and cherished. God has returned his angel for his care.

“ TO: THE FAMILY OF GEORGIA MAE TAYLOR

FROM: GLORIA MARIE THOMPSON AND FAMILY

I am praying that you cherish the memories of Sister Taylor. She was a giver. You might look up and she would be at your door or calling you on the phone asking you to stop by because she has something she wants me to have. I will miss her phone calls and gifts. She would often say, "I do not want to bother anyone", my reply would be "you are no bother, what do you need me to do"?

Trust in the Lord with all of your Heart and Lean not unto Thine own understanding. In all your ways Acknowledge him, and he shall direct your Path. Proverbs 3: 5-6

I am praying that your precious memories and sympathy of friends help comfort you at this difficult time. God's Will Has Been Done!

“ *To L V and Wilton*

I am saddened to know that your mom has gone on. She and Mr Harry are talking noise now. She always had such beautiful flowers and plants and it was good talking to her. You will truly miss her but her memories will remain forever in your heart. May God give both of you comfort and peace during this difficult time.
