“ My deepest condolences to the Johnny Boykin Family. May God's grace and mercy be with all of you. Mr. Boykin was kind, respectful and helpful young man. I first met Johnny and his family in 1976 as both his parents worked at Prairie View AM University. I was a welcomed member of his family as big brother. Johnny was dependable and you could count on him to get things done and done well. Johnny will be missed. May his legacy live on in those he touched.

“ I actually have eight years of memories with my Ex husband, we have traveled attending games and he loved going to the casino keeping me up all night there! I had never been to one until we started dating and married. I had never been on a motorcycle and he took me around Hempstead, I even drove it. My family loved him and never said one ugly thing about him (because I didn't). I'm sorry that your family didn't feel the same about me and you had to make a choice. Rest in peace no more pain, heartache, division or discomfort!

All of my first experiences were with him ... first time on a plane to Vegas, New Orleans etc. we both loved to dance, I was with him at every surgery, doctor appointments, bath and doctor on wounds, I know what every doctor has shared with me on him. I helped him get started with his VA benefits because he deserves that. He needed transportation and I made sure he had it without a job. My actions showed my love regardless. I have more memories but will always cherish because I have all the pictures. ❤️ and so you know no one has been in my life since we divorced.

“ I will miss those phone calls to see how everybody was doing, and the "love you" at the end of every call. Johnny was more like a brother than a cousin, and I honestly can't remember a time in my life where he's not been there. It cuts deep to know that I'll never see him on this side again, but I'm comforted in knowing that he's in the presence of Jesus Christ. Keeping his kids and the rest of the family lifted in prayer. To be absent from the body is to be in the presence of the Lord.

RIP, Johnny. So sad to hear this as I remember all those times we had on the Volunteer Fire Dept. Thinking back to when you were the first to become EMS certified and working on campus. Prayers go out to your family as you will be missed by them and the community.

I was like a member of the Boykin. I knew his whole family very well. Johnny was like a brother from another mother to me. I was very close to his family. I will miss him. We traveled together provided assistance in the time of need. I was his confidant when his mom passed away. I remember the last phone call and he shared what was his problem was, but I thought he would overcome it. Unfortunately, I fame two attempts to see how he was doing, but didn't get an answer. His daughter called me to tell me that he had passed. May his sole rest in peace, I will truly miss our fellowship.
