“ *Rest well Mr. Richardson, you really helped me while I was getting my chemistry degree at PV. You helped many of us out in the chemistry department by being a mentor and friend and I will always be in your debt. Now I know you will be joining Dr. Mills in that chemistry lab in Heaven. RIP!*

“ Well Lee Van you have taken flight and are now soaring with the Angels. The girls and I hold many fond memories of you and the times we spend with you. You have now reunited with all those that meant so much to you. You taught and helped many and we thank you for all that you did. Now it is resting time. Take your rest and you and Cecile continue to be our angels to help us stay on tract. Rest in peace and we will see you in the morning.
