“ I was blessed to interact with this precious mother just twice. but she touched my life in a special way. she showed no boundary( a nice way) the first and last time I met her. Her great smiles was very welcoming. She interacted with other individuals as if she has known them for ever. May light perpetual shine on her till we meet again.

“ Yamatta, I will never understand how you feel during these troubling times. I am trapped emotionally and can't even find words to really capture the fullness of Aunty's home-going. No words to soothe your pain. I want you to know that I am thinking about you deeply and I am here for you. Remember Kelly Fannery said "The loss of a mother can never be replaced, but the love of a mother can never be lost."
