“ *Daddy, I know that you can hear me, I believe that, I HAVE to believe that, you're leaving me, left me in a bind, it was bitter-sweet b/c you are no longer suffering, for THAT, I a so thankful to GOD for, but then there are days like today when I really NEED my daddy, I know Michael is there with you, but I need one if not BOTH of you here, I know, I know that I am being selfish, but right now my heart is breaking, I have my good days and bad days, no one really understands how I feel, "be strong Kim", they say, but it is so hard. I am asking GOD to send me what HE promised, a comforter.*

“ *Just one of those days when I feel that if you were still alive, my life would be different. Words just simply can not express my Love and Devotion to you Daddy. You were the first man I fell in love with and the first man that loved me. Until we meet again, soon.*

Daddy, it has been extremely hard since you as LoveBug would say, "went to be with the Angels", well you have your Son Michael there to play dominoes with, I m smiling as I write this. I wish that I had one more day with you both, I will even settle for one more hour. We miss you BOTH.

“ *I can not let a day go by without thinking about my Daddy, Willie Lee Jackson, Sr. I am his baby girl and I cherish all of our memories, some good, some bad, but through it all Daddy you have taught me to trust and depend on GOD. I will take what you taught me through out life and my future endeavors.*
